                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| Pursuant to applicable NASA regulations and policy directives, the resources authority specified herein is delegated to the addressee, subject to the availability of allotted funds. Its use is limited to projects and activities described in the Congressional budget justification and the curre NASA operating plan, and to any stipulation and limitation specified therein or in the "Remarks" below. Program plan amounts, when entered are for planning guidance only to indicate the program level contemplated in the total Agency plan for projects and activities, and do not converge authority. |
